PART A

PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE

1. INTRODUCTION

At the Forty-Ninth AGM of ABB held on 30 August 2024, the Company had obtained a mandate from its shareholders for ABB and ABB Group to enter into RRPTs with Related Parties in the ordinary course of business based on commercial terms that are not more favourable to the Related Parties than those generally available to the public and which are necessary for ABB Group's day-to-day operations.

The authority conferred by the existing shareholders' mandate shall in accordance with the Listing Requirements, lapse at the conclusion of the forthcoming 50th AGM unless authority for its renewal is obtained from the shareholders at the said AGM.

2. DETAILS OF THE PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE

2.1 Paragraph 10.09 of Chapter 10 and Paragraph 3.1.4 of Practice Note 12 of the Listing Requirements in relation to the RRPTs

Pursuant to Paragraph 10.09(2) of the Listing Requirements, the Company may seek shareholders' mandate in respect of RRPTs which are necessary for the day-to-day operations of the Group subject to the following:

- (a) the transactions are in the ordinary course of business and are on terms not more favourable to the Related Parties than those generally available to the public;
- (b) the shareholders' mandate is subject to annual renewal and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year where the aggregate value is equal to or more than the following threshold in relation to a listed issuer with a share capital of RM60.0 million and above:
 - (i) the consideration, value of the assets, capital outlay or costs of the RRPTs is RM1.0 million or more; or
 - (ii) the percentage ratio of such RRPTs is 1% or more,whichever is the higher;
- (c) issuance of a circular to shareholders for the shareholders' mandate by the Company, which includes the information as may be prescribed in the Listing Requirements, together with a checklist showing compliance with such information when submitting to the Exchange;
- (d) in a meeting to obtain shareholders' mandate, where it involves the interest of the Interested Directors, Interested Major Shareholders or Persons Connected with them, such Director or Major Shareholder must not vote on the resolution approving the transactions. The Interested Directors and/or Interested Major Shareholders must ensure that Persons Connected with them will also abstain from voting on the resolution approving the transactions; and

- (e) the Company must immediately announce to Bursa Securities when the actual value of a RRPT entered into by the Company exceeds the estimated value of the RRPT disclosed in the previous circular to shareholders by 10% or more, and must include the information as may be prescribed by the Exchange in its announcement.

In the ordinary course of our business, our Group has entered and is anticipated to enter into RRPTs with certain Related Parties. It is likely that such transactions will occur with some degree of frequency and could arise at any time.

In compliance with Paragraph 10.09 of Chapter 10 of the Listing Requirements, the Company now proposes to seek the approval of its shareholders for the Proposed Renewal of Existing Shareholders' Mandate which will apply to the RRPTs as set out in Section 2.3. Such RRPTs will be subject to the review procedures as set out in Section 2.5.

- (i) the conclusion of the Company's next AGM following the forthcoming 50th AGM at which the Proposed Renewal of Existing Shareholders' Mandate was passed, at which time the shareholders' mandate will lapse, unless by a resolution passed at a general meeting, the authority is renewed;
- (ii) the expiration of the period within which the next AGM after the forthcoming 50th AGM is required to be held pursuant to Section 340(2) of the Act (but which shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (iii) it is revoked or varied by resolution passed by our shareholders in a general meeting before the next AGM,

whichever is the earlier.

2.5 Disclosure and Review procedures for RRPT(s)

The Company has implemented the review and disclosure procedures for the RRPTs to ensure that the RRPTs are conducted on transaction prices and on an arm's length basis and are based on normal commercial terms consistent with ABB Group's usual business practices and are on terms that are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

To monitor the RRPTs, the following review and disclosure procedures have been implemented for each proposed RRPT:

- (i) All companies within our Group have been informed of the definition of Related Party and the review procedures applicable to all RRPTs;
- (ii) Any tender, quotation or contract received from or proposed to be entered with a Related Party will be reviewed by the senior management who will ascertain if it is an approved RRPT. Such tender, quotation or contract will not be approved unless the terms offered to the Group are comparable with those offered by other unrelated parties for the same or substantially similar type of transactions. The management of ABB will ensure that the RRPTs will only be entered into after taking into account the pricing, quality, deliverables, level of service, expertise and other related factors. The transaction prices will be determined by market forces, similar to those prices for transactions with unrelated third parties, and references will be made to surveys and/or valuations to be undertaken to gather information on market prices where applicable;
- (iii) Proper records shall be maintained by the Company to record all RRPTs entered into to ensure that relevant approvals have been obtained and review procedures in respect of such transactions are adhered to. The breakdown of the aggregate value of the RRPTs made during the financial year, the type of RRPTs made and the names of the Related Parties involved in each type of the RRPT made and their relationship with the Company will also be made in the annual report of the Company;
- (iv) The annual internal audit plan shall incorporate a review of all RRPTs entered into pursuant to the shareholders' mandate to ensure that relevant approvals have been obtained and the review procedures in respect of such transactions are adhered to;
- (v) The Audit and Risk Management Committee shall periodically review the adequacy and appropriateness of the procedures set by ABB to monitor related party transactions to ensure that these transactions are carried out on normal commercial terms not more favourable to the Related Party than those generally available to the third parties, at arm's length with the Related Parties and are not detrimental to the minority shareholders of the Company. The Audit and Risk Management Committee shall have the overall responsibility of determining whether the review procedures are appropriate, with the authority to delegate such function to individuals or committee within the Company as it shall deem fit. All reviews by the Audit and Risk Management Committee are reported to the Board for further action. In its review and approval of such transactions, the Audit and Risk Management Committee may, as it deems fit, request for additional information pertaining to the transactions from independent sources or professionals;

- (vi) In the case of RRPTs where any Director has a direct or indirect interest, he shall abstain from all deliberations and voting in respect of the said transaction. Where any member of the Audit and Risk Management Committee is interested in any transactions, that member shall abstain from voting in any matter relating to any decision to be taken by the Audit and Risk Management Committee with respect to such transactions.

Wherever possible, the Management will endeavour to ensure that at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used for comparison purposes, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for similar type of products/services and/or quantities (if applicable). In the event for any reason, a quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by ABB based on the usual business practices and policies or otherwise in accordance with other applicable industry norms/considerations to ensure that the RRPT is not detrimental to the Company and ABB Group.

2.6 Thresholds for approval of RRPTs

There are no specific thresholds for approval of RRPTs within our Group. All RRPTs are subject to the approval of the appropriate levels of authority as determined by our senior management and/or our Board from time to time, subject to the provisions in the Listing Requirements and/or the Act, where necessary. Where any Director has interest (direct or indirect) in a transaction, the said Director shall abstain from deliberating and voting on the particular resolution approving the transaction.

However, senior management will seek the approval of the Group Managing Director (“GMD”) and the Audit and Risk Management Committee before entering into any transaction that would cause the Group to exceed the estimated aggregate value approved as per the Proposed Shareholders’ Mandate.

If the GMD has interest (direct or indirect) in any transaction, senior management will seek approval from the Board and the GMD will recuse himself from discussions and decisions involving the issues of his interest, and shall abstain from voting as a Director on the relevant transactions.

2.7 Statement by the Audit and Risk Management Committee

The Audit and Risk Management Committee having seen and reviewed the procedures as mentioned in Section 2.5, is of the view that the said procedures are sufficient to ensure that the RRPTs shall be transacted on terms which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders of ABB. Any member of the Audit and Risk Management Committee who is interested in any RRPT is not involved in the review of the RRPT.

The Audit and Risk Management Committee is also of the view that ABB Group has in place adequate procedures and processes to monitor, track and identify the RRPTs in a timely and orderly manner, and such procedures and processes are reviewed on an annual basis or whenever the need arises.

2.8 Rationale for and benefits

The RRPTs entered and/or to be entered into by our Group are recurrent transactions of a revenue and/or trading nature conducted in the ordinary course of business and which are likely to occur with some degree of frequency and arise at any time and from time to time.

These transactions may be constrained by the time-sensitive nature and confidentiality of such transactions, and it may be impractical to seek shareholders' approval on a case-to-case basis before entering into such RRPTs. As such, the Board is seeking shareholders' mandate to allow the Group to enter into such RRPTs made at arm's length basis and on normal commercial terms and which are in the Board's opinion, not prejudicial to the interests of the shareholders and are on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

By obtaining the shareholders' approval for the RRPTs and the renewal of the same on an annual basis, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such RRPTs occur would not arise. This in turn will reduce substantial administrative time, inconvenience and expenses associated therewith and allow manpower resources and time to be channelled towards attaining other corporate objectives without compromising the corporate objectives of the Group or adversely affecting the business opportunities available to the Group.

The RRPTs will also enhance the Group's ability to pursue additional business opportunities, which may be time-sensitive in nature.

2.9 Effects

Save for the expected earnings to be contributed to the Group from the RRPTs, the Proposed Renewal of Existing Shareholders' Mandate is not expected to have any effect on the EPS, NA, gearing, share capital and substantial shareholders' shareholdings of ABB, including any benefit which is expected to accrue to the Company as a result of the transactions.

3. DETAILS OF THE SUMS DUE AND OWING BY THE RELATED PARTIES

As at LPD, there was no amount due and owing to ABB by the Related Parties which has exceeded the credit term. As such, the disclosures required under Paragraphs 16A and 16B in Annexure PN12-A of the Listing Requirements are not applicable.

4. INTERESTS OF DIRECTORS, MAJOR SHAREHOLDERS AND/OR PERSONS CONNECTED TO THEM

Having considered all aspects of the Proposed Renewal of Existing Shareholders' Mandate, the Board, save for the Interested Directors, who have and will continue to abstain from making any opinion, is of the opinion that the entry into the RRPTs between ABB Group and those Related Parties described in Section 2.3 of this Circular/Statement in the ordinary course of its business is fair, reasonable and in the best interest of the ABB Group.

For the reasons stated above, the Board (with the exception of the Interested Directors) recommends that you vote in favour of the ordinary resolution in respect of the Proposed Renewal of Existing Shareholders' Mandate to be tabled at the forthcoming 50th AGM.

PROPOSED RENEWAL OF SHARE-BUY BACK AUTHORITY

7. PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

7.1 Introduction

The Company had, at its AGM held on 30 August 2024, obtained its shareholders' approval for the Proposed Renewal of Authority for Share Buy-Back, which allowed the Company to purchase up to 10% of the total number of issued shares of the Company quoted on Bursa Securities at any point of time. In accordance with the Listing Requirements governing the purchase of own shares by a listed issuer, the aforesaid approval will lapse at the conclusion of the forthcoming 50th AGM unless a new mandate is obtained from its shareholders.

The authority from the shareholders for the share buy-back will be effective immediately upon the passing of the ordinary resolution for the Proposed Renewal of Share Buy-Back Authority until the conclusion of the next AGM of ABB unless earlier revoked or varied by ordinary resolution of shareholders of ABB at a general meeting.

7.2 Details

In compliance with Section 127 of the Act and any prevailing laws, rules and regulations, orders, guidelines and requirements issued by the relevant authorities, the Company is allowed to purchase its own shares on Bursa Securities through its appointed stockbroker(s) as approved by Bursa Securities.

The approval from the shareholders shall be effective upon passing of the ordinary resolution for the Proposed Renewal of Share Buy-Back Authority and will continue to be in force until:

- (a) the conclusion of the next AGM of the Company following the general meeting at which such resolution was passed, at which time it will lapse unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders of the Company in general meeting,

whichever occurs first, but shall not prejudice the completion of purchase(s) by the Company before the aforesaid expiry date and, in any event, in accordance with the provisions of the Listing Requirements and any other relevant authorities.

The approval of the shareholders for the Proposed Renewal of Share Buy-Back Authority does not impose an obligation on the Company to purchase its own shares. However, it will allow the Board to exercise the power of the Company to purchase its own shares at any time within the abovementioned time periods.

Based on the total number of issued shares of the Company of 232,647,600 as at LPD, the number of shares which may be purchased by the Company is up to 23,264,760 representing 10% of the total number of issued shares pursuant to the Proposed Renewal of Share Buy-Back Authority. As at LPD, no ABB shares were bought back and held as treasury shares.

Nevertheless, the actual number of ABB Shares to be purchased by the Company pursuant to the Proposed Renewal of Share Buy-Back Authority, the total amount of funds involved for each purchase and the timing of the purchase(s) will depend on inter-alia, the market conditions and sentiments of the stock market as well as the availability of the Company's financial resources and the availability of the retained profits of the Company.

7.3 Rationale

The Proposed Renewal of Share Buy-Back Authority, if exercised, is expected to potentially benefit the Company and its shareholders in the following manners:

- (a) Depending on the effective cost of funding of the shares to be purchased, the earnings per share of the Group may be enhanced (in the case where the shares so purchased are cancelled), and thereby long-term investors are expected to enjoy a corresponding increase in the value of their investments in the Company;
- (b) If the purchased shares are kept as treasury shares, the treasury shares may be realised with potential gain without affecting the total number of issued share of the Company.
- (c) The treasury shares may also be distributed to the shareholders as dividend and if undertaken, would serve as a reward to the shareholders, or be utilised as purchase consideration by the Company in corporate transactions thereby reducing the financial outflow and/or preserve the working capital of the Company.
- (d) The Company may be able to stabilise the supply and demand of its shares in the open market and thereby supporting its fundamental value; and
- (e) The Proposed Renewal of Share Buy-Back Authority will provide the Company the option to return its surplus financial resources to its shareholders.

7.4 Purchased/Resale Price

Pursuant to Paragraph 12.17 of the Listing Requirements, the Company may only purchase its own shares at a price which is not more than 15% above the weighted average market price of the ABB Shares for the past five (5) market days immediately preceding the date of purchase.

In the case of resale or transfer of treasury shares, the Company may only resell the treasury shares or transfer treasury shares pursuant to Section 127(7) of the Act and Paragraph 12.18 of the Listing Requirements at:

- (a) a price which is not less than the weighted average market price of the ABB shares for the past five (5) market days immediately prior to the date of resale or transfer; or
- (b) a discounted price of not more than 5% to the weighted average market price of the ABB Shares for the past five (5) market days immediately prior to the date of resale or transfer provided that:

- the resale or transfer takes place not earlier than 30 days from the date of purchase; and
- the resale or transfer price is not less than the cost of purchase of the Shares being resold or transferred.

7.5 Retained Profits

The maximum amount of funds to be allocated for share buy-back shall not exceed the aggregate of retained profits of the Company based on the latest audited financial statement and/or the latest management accounts of the Company (where applicable) available.

Based on the latest Audited Financial Statements of the Company for the financial year ended 31 March 2025, the audited retained profits of the Company amounted to RM 46,353,197.

7.6 Sources of Funds

The amount allocated for the share buy-back will be funded through internally generated funds and/or bank borrowings or a combination of both. In the event the Company intends to purchase its own shares using bank borrowings, the Board shall ensure that the Company have sufficient funds to repay the bank borrowings and interest expense and that the repayment would not have any material effect on the cash flow of the Company.

The amount of funds to be utilised will depend on the actual number of shares to be purchased, the price of the shares and the availability of funds involved for each purchase(s) will depend on market conditions and sentiments of the stock market as well as the retained profits and financial resources available to the Group. In addition, the Board will ensure that the Company satisfy the solvency test as stated in Section 112(2) of the Act before executing any share buy-back.

7.7 Direct and Indirect Interests of the Directors and Substantial Shareholders

Save for the inadvertent proportionate increase in the percentage shareholdings and/or voting rights of the shareholders of the Company as a consequence of the share buy-back, none of the Directors and/or Major Shareholders nor Persons Connected with the Directors and/or Major Shareholders of the Company has any interest, direct or indirect, in the Proposed Renewal of Share Buy-Back Authority and the proposed resale of treasury shares, if any.

As such, none of the Directors and/or Major Shareholders nor Persons Connected with them need to abstain from voting in respect of their direct and indirect shareholdings on the ordinary resolution approving the Proposed Renewal of Share Buy-Back Authority.

The effects of the proposed share buy-back on the shareholdings of the Directors and Major Shareholders as at LPD are set out below based on the following assumptions:

- (a) the proposed share buy-back is implemented in full up to 10% of the total number of issued shares of the Company; and
- (b) the shares so purchased are from shareholders other than the Major Shareholders and Directors of the Company.

7.8 Potential Advantages and Disadvantages

The potential advantages of the Proposed Renewal of Share Buy-Back Authority to the Company and its shareholders are stated in Section 7.3.

The potential disadvantages of the Proposed Renewal of Share Buy-Back Authority to the Company and its shareholders are as follows:

- (a) the amount of financial resources available for distribution to the shareholders of the Company will decline and this may result in the Group having to forego feasible investment opportunities that may emerge in the future;
- (b) the working capital of the Company will be affected as the share buy-back will reduce the Company's cashflow, the quantum depending on the number of shares purchased and their corresponding purchase price(s); and
- (c) as the Proposed Renewal of Share Buy-Back Authority can only be made out of retained profits of the Company, it may result in the reduction of financial resources available for distribution to the shareholders in the immediate future.

The Proposed Renewal of Share Buy-Back Authority is not expected to have any potential material disadvantages to the Company and its shareholders, as it will be exercised only after in-depth consideration of the financial resources of the Company and of the resultant impact on its shareholders. The Board, in exercising any decision on the share buy-back will be mindful of the interest of the Company and its shareholders.

7.9 Risk Factors

The Board is not aware of any risk factors relating to the Proposed Renewal of Share Buy-Back Authority which could have a material adverse effect on the business or financial position of the ABB Group.

7.10 Financial Effects

(a) Share Capital

The effects of the Proposed Renewal of Share Buy-Back Authority are dependent on whether the shares purchased are cancelled or alternatively retained as treasury shares.

In the event the maximum number of shares authorised under the Proposed Renewal of Share Buy-Back Authority are purchased and cancelled, it will result in the share capital of the Company to be reduced as follows:

	No. of ABB Shares
Total number of issued shares as at LPD	232,647,600
Less: Maximum number of ABB Shares purchased are cancelled	(23,264,760)
Resultant total number of issued shares	209,382,840

The above illustration assumes that the purchased shares are cancelled. Nevertheless, if the purchased shares are retained as treasury shares, resold, distributed to the shareholders as dividend or transferred for purposes of or under an employees' share scheme or as purchase consideration, the Proposed Renewal of Share Buy-Back Authority will have an effect on the total number of issues of the Company.

The rights attached to the treasury shares in relation to voting, dividends and participation in any other distributions or otherwise are suspended. While these ABB Shares remain as treasury shares, the Act prohibits the taking into account of such shares in calculating the number of percentage of shares in the Company for a purpose whatsoever including substantial shareholdings, takeovers, notices, requisitioning of meetings, quorum for meetings and the result of votes on resolutions.

(b) NA

The effect of the Proposed Renewal of Share Buy-Back Authority on the NA per share of the Company is dependent on the number of shares purchased, purchase price of the shares, the funding cost, if any, and the subsequent treatment of the shares so purchased.

If all the shares purchased are cancelled, the share buy-back is likely to reduce the NA per share of the Group if the purchase price exceeds the audited NA per share of the Group at the time of purchase and conversely, will increase the NA per share of the Group if the purchase price is less than the audited NA per share of the Group at the time of purchase.

For shares so purchased, which are kept as treasury shares, upon its resale, the NA of the Group may be affected depending on the actual selling price of the treasury shares and the actual number of treasury shares resold.

(c) Working Capital

The Proposed Renewal of Share Buy-Back Authority will reduce the working capital of the Group, the quantum of which depends on, amongst others, the number of shares eventually purchased and the purchase price of the shares.

For purchased shares which are kept as treasury shares, upon its resale, the working capital of the Company would increase assuming that a gain has been realised. Again, the quantum of the increase in the working capital would depend on the actual selling price of the treasury shares and the number of treasury shares resold.

(d) EPS

Depending on the number of shares purchased and purchase price of shares and the effective cost as well as the opportunity cost of funding the shares, the Proposed Renewal of Share Buy-Back Authority may increase the EPS of the Group.

Nevertheless, all else being equal, assuming that the treasury shares are retained by the Company, the Proposed Renewal of Share Buy-Back Authority is expected to increase the EPS of the Company as the treasury shares held by the Company will not be taken into account in calculating the total number of ABB Shares in issue.

Assuming that the shares so purchased are treated as treasury shares, the extent of the effect of the earnings of the Group will depend on the actual selling price, the number of treasury shares resold and the effective gain or interest savings arising from the exercise.

Any cancellation of shares so purchased is expected to give rise to increased EPS to the Company and the Group due to the reduced number of shares in issue.

(e) Dividends

Assuming the Proposed Renewal of Share Buy-Back Authority is implemented in full and the Company's quantum of dividend is maintained at historical levels, the Proposed Renewal of Share Buy-Back Authority will have the effect of increasing the dividend rate of the Company as a result of the reduction in the issued and paid-up share capital of the Company.

(f) Shareholdings

The effect of the Proposed Renewal of Share Buy-Back Authority on the percentage of shareholdings of the Directors and Major Shareholders of the Company would depend on the timing of the purchase, the number of shares purchased, if any, and their actual shareholdings at the time of such purchase.

Please refer to Section 7.7 for further details on the shareholding structure of Directors and Major Shareholders of the Company.

7.11 Implication relating to the Rules

Pursuant to the Rules, a person or a group of persons acting in concert will be required to make a mandatory general offer if his/their stake(s) in the Company is/are increased to beyond 33% of the voting shares or if his/their existing shareholding(s) is/are more than 33% but less than 50% and it exceeds by another 2% in any period of six (6) months.

In the event the share buy-back results in the shareholdings of any of the above parties being affected, the said person or group of persons acting in concert will be obliged to make a mandatory general offer for the remaining ABB Shares not held by him/them. However, an exemption from a mandatory offer obligation may be granted by the Securities Commission Malaysia under the Rules, subject to the affected person and the parties acting in concert complying with certain conditions, if the obligation is triggered as a result of action outside their direct participation.

The Company intends to implement the share buy-back in a manner that it will not result any of the shareholders having to undertake a mandatory offer pursuant to the Rules.

7.12 Purchase, Resale and Cancellation of shares made in the previous 12 months

The Company has not made any purchase or resale or cancellation of any of its own shares in the past 12 months preceding the date of this Statement and the Company currently does not hold any treasury shares.

7.13 Treasury Shares, Resale, Transfer and Cancellation of Treasury Shares

There was no subsequent resale transfer and cancellation of treasury shares made in the preceding 12 months.

7.14 Share Price

The monthly highest and lowest prices of shares as traded on Bursa Securities for the preceding 12 months from July 2024 to June 2025 are as follows:

The public shareholding spread of the Company as at LPD was 25.01%. In implementing the Proposed Renewal of Share Buy-Back Authority, the Company will ensure that the minimum public shareholding spread of 25% is complied with.
